

Wet Weather Policy

At *Just Play Sports*, the safety and enjoyment of all participants is our top priority. While we aim to continue sessions whenever possible, certain weather conditions may require adjustments.

1. Outdoor Play in Rain

- Sessions will continue outdoors in light rain as long as it is safe to do so.
- Activities will be adapted to ensure safety and minimize risk.

2. Severe Weather

- In extreme circumstances (e.g., thunderstorms, heavy winds, flooding), sessions may be cancelled.
- We will make every effort to relocate to an indoor venue if one is available and suitable.

3. Indoor Alternatives

- If an indoor venue is accessible, we may continue sessions with modified activities.
- These may include quizzes, static games, or film viewing (where appropriate and feasible).
- In some cases, children may be temporarily relocated to a classroom or sheltered area.
- Lead staff should confirm with the school prior to the sessions the areas available

4. Parental Responsibility

- Parents or guardians may choose not to have their child participate during adverse weather.
- It is the responsibility of parents or guardians to collect their child early if they do not wish them to participate.

5. Safety Commitment

- All activities, whether outdoors in light rain or indoors, are designed to ensure children are kept safe at all times.
- Staff will continuously assess weather conditions and make decisions in the best interest of participant safety.
